

Programs to Increase Diversity Among Individuals
Engaged in Health-Related Research

WHAT?

An all expenses paid research career-advancing opportunity supported by NHLBI.

Seven Summer Institutes with mentored research training programs address difficulties experienced by junior investigators in establishing independent research programs and in negotiating academic ranks.

Desired outcome is to improve recruitment and retention of faculty from disabled or underrepresented groups in heart, lung, blood, and sleep studies.

Training Includes:

- Didactic courses
- Grant writing and grantsmanship courses
- Special topic conferences and lab skills
- Mentoring networks and long-term research collaborations

WHO?

U.S. citizen or permanent resident who is a junior faculty member holding a doctoral degree, such as a PhD, MD, DO, DVM, or a transitioning post-doctorate trainee, and is from a minority group that is underrepresented in the biomedical or health sciences.

A successful applicant also must have a research focus that is centered on heart, lung, blood or sleep (HLBS) disorders. Relevant methodologies may involve health disparities or sleep disorders or other approaches that are specific to the HLBS areas.

How to Apply

1. Complete Online Pre-Application Form:
<http://www.biostat.wustl.edu/pridecc/>
2. Upon request, complete Full Application:

Full Application Includes

- Letter of support from Department Chair allowing trainee to fully participate in the program, and to
 - Devote 5% protected effort throughout the program
 - Dedicate 33% effort during the summer months
 - Have access to institutional resources for preparing grant applications
- A statement of research interests, a Curriculum Vitae and Biosketch
- Complete Pre-Application and Application
- Letters of Recommendation from Department Chair and Mentor or Colleague

Cardiovascular Health-Related
Research (CVD)

(July 16 – 28, 2017)

SUNY Downstate Medical Center
New York, New York

PI: Mohamed Boutjdir, PhD

Functional and Translational
Genomics of Blood Disorders (FTG)

(July 10 – 25, 2017)

Augusta University
Augusta, Georgia

PI: Betty Pace, MD

Obesity Health Disparities (OHD)

(July 9 – 21, 2017)

University of Mississippi
Medical Center
Jackson, Mississippi

PI: Bettina M Beech, DrPH
Keith C Norris, MD, PhD

Research in Implementation
Science for Equity (RISE)

(July 9 – 21, 2017)

The UCSF Center for Vulnerable
Populations at San Francisco
General Hospital
San Francisco, California

PI: Kirsten Bibbins-Domingo, MD, PhD
